Medic West Africa 2025

At the bustling Landmark Centre in Lagos, Nigeria, SaiKang Medical successfully concluded a vibrant three-day exhibition. Our booth became a major attraction, drawing healthcare professionals, industry leaders, and partners from across Africa.

Throughout the event, the SaiKang team demonstrated professionalism and enthusiasm, engaging in in-depth conversations with attendees and offering hands-on product experiences. Visitors were especially impressed by the versatility, ergonomic design, and advanced functionality of the solutions on display — a testament to SaiKang's dedication to patient comfort and medical efficiency.

This successful exhibition not only strengthened SaiKang Medical's visibility in the African market but also paved the way for deeper collaboration and future expansion. With gratitude to all visitors, partners, and supporters, SaiKang looks forward to continuing our mission of delivering innovative, high-quality medical equipment to healthcare institutions around the globe.

Saikang Stands Out at FIME with Global Impact

At the recently concluded FIME exhibition in Miami, Saikang Medical stood out with its professional image, innovative products, and global outlook. The three-day event attracted healthcare professionals from across the world and provided valuable opportunities for in-depth exchanges and international cooperation.

Saikang showcased a diverse lineup of solutions, with several products earning praise for their intelligent design, comfort, and clinical practicality.

This successful appearance strengthened Saikang's presence in the North American market and laid a solid foundation for future expansion. With innovation at its core, Saikang remains committed to delivering high-quality medical solutions to improve patient care worldwide.

Customer Visiting

Over the past three months, Saikang Medical has welcomed numerous international partners to our headquarters for an immersive visit. Guests explored our Global Medical Care Experience Center and production facilities, gaining a comprehensive understanding of our product innovation, quality control, and service philosophy.

In the Experience Center, visitors experienced firsthand how Saikang's intelligent systems, ergonomic designs, and integrated solutions contribute to improved clinical efficiency and patient outcomes. These face-to-face exchanges not only deepened mutual understanding but also laid a strong foundation for future cooperation.

We sincerely thank all our visitors for their trust and support, and warmly welcome more friends from around the world to come and experience. We look forward to building a healthier future together.

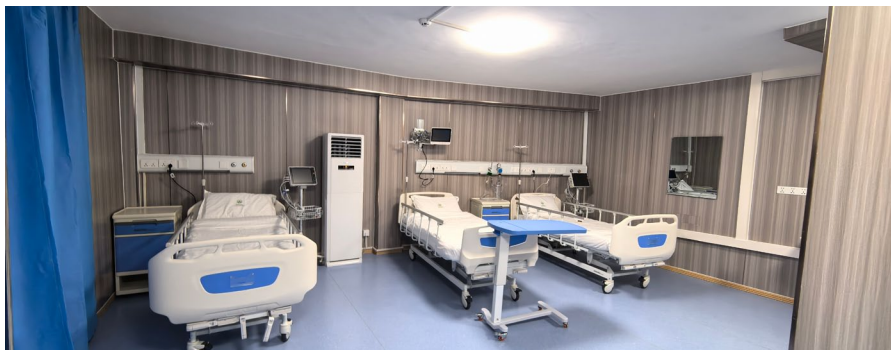

Thanks for **your trust!**

Ethiopia

Bethesda American Medical Plaza

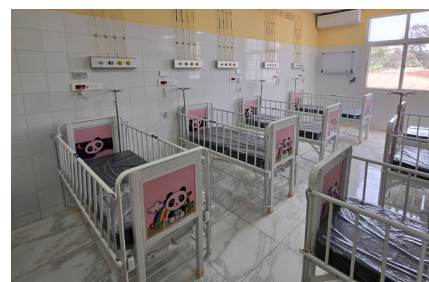

A leading medical facility in East Africa is setting new benchmarks in value-based healthcare and medical tourism. Dedicated to enhancing the quality of medical and patient-care services, the institution integrates advanced technology throughout its operations. Saikang is proud to support this vision by supplying high-quality medical equipment that empowers modern, efficient, and compassionate care.

Senegal

Centre Hospitalier National
De Pikine

SAIKANG supplied a full range of medical furniture for a healthcare facility in Senegal, including delivery beds, electric hospital beds, carts, children's beds, and supporting products like bedside tables. The quality and functionality of the equipment were highly praised by the medical staff, contributing to an improved patient care environment and workflow efficiency.

Alnno L21

ELECTRIC DOUBLE-ARM PENDANT

The Alnno L21 electric double-arm pendant features a lightweight modern design, providing flexible operation and covering a larger treatment radius. It is compatible with various medical devices, saving space and enhancing operational efficiency in the operating room.

SKR-R06

Monitor Cart

Compatible with monitors of various sizes, suitable for data monitoring in diverse clinical environments. One-piece cast aluminum design ensures overall stability and balance.

SKR-ET625

Emergency Trolley

Stainless steel fence with soft glass surface prevents items from sliding or falling during cart movement. 4-inch high-grade medical silent universal casters, offering smooth and lightweight operation, effortless maneuverability, durability, and two with brakes for easy braking in any position.

SKR058-CT

Nursing Trolley

Several-layer drawer design with small compartments in the middle, can accommodate multiple types of items, with powerful classification and easy and convenient access to items. The trolley is equipped with a collapsible working table, which can be used for writing.

In brief

International Labor Day

On this special day that celebrates hard work and dedication, Saikang Medical extends heartfelt thanks to all our employees for their commitment and excellence.

We also send our warmest wishes to workers around the world—your efforts make the world a better place. Happy Labor Day!
